

PROFILE

My background in computers from early on led to me pursuing a degree in Computer Science, and my continued interest in learning resulted in continuing on for my Graduate degree. Working with distributed systems on diverse datasets throughout my work and education history prepared me for my present position with the USGS Office of Water Information, where I work as part on the data science team to implement scientific applications for environmental data.

EXPERIENCE

<i>Computer Scientist</i>	June 2010 - Present
US Geological Survey Office of Water Information, Middleton, WI	
<i>Student Programmer</i>	Feb 2007 - May 2010
University of Wisconsin Space Science Data Center, Madison, WI	
<i>System Administrator</i>	Mar - Dec 2006
University of Wisconsin Psychiatry Clinic, Madison, WI	

EDUCATION

MS, Computer Science
University of Wisconsin-Madison – Madison, WI
2008-2010

BS, Computer Science
University of Wisconsin-Madison – Madison, WI
2004-2008
